Determination of Progress for OR NPS Mgmt Program 9 23 2016.pdf

Gene and Ivan,

Attached is the Determination of Progress Letter and the Checklist for Determining progress of ODEQ's nonpoint source program in FY 2015. It is based on the EPA's review of the 2015 Annual Report and other documents/information. With the completion of this document, your FY 2016 319 grant application will move forward. We anticipate awarding the pass-through funding component of this grant before the end of the September.

I look forward to working with both of you and other DEQ staff on the State's 319 program in the future.

Feel free to give me a call if you have any questions.

Alan
